

Attend Our Upcoming Community Information Open House!

We are inviting residents in the area to attend an informational open house at the **County Administration Building** on **January 30th** so that we can share how the proposed data center provides an opportunity for and benefits the County, share the facts of the project, and answer any questions you may have from company representatives. Members of the Roxbury Technology Park team and experts from the Virginia Economic Development Partnership will be available to provide information and answer questions.

We will have **three sessions**: from **2:00 – 3:00 p.m.**, from **5:00 – 6:00 p.m.**, and from **6:00 – 7:00 p.m.** The sessions will have an open house format with no formal presentations. Representatives of the project team will be spread out in the auditorium so you can have one-on-one conversations by subject area. **We encourage participants to come at various times during the hour-long sessions to give you more time interacting with team members.**

If you are unable to attend during one of these sessions, we invite you to share via email any comments or questions regarding the project with our project team at **RoxburyTechnologyPark@DiodeVentures.com**.

Your community feedback is an important and valued part of this project and we look forward to hearing from you either in person at the informational sessions or via email.
